Alice Judge Gillan M.Ed.

*Your Child's Future Starts Here*  
*Reading Writing Math*

## Our Vision

To give each student the opportunity for instruction that is individualized and differentiated in order to motivate students to seek further knowledge and reach their potential.

## Our Beliefs

- Every student can learn, but everyone learns in a different way.
- Each student is unique and brings complex abilities to each learning context.
- It is the job of Gillan Learning Center to find the most efficient path, so each student can reach his or her individual potential.
- Active, direct, multisensory learning experiences improve a student's ability to be successful and leads to student ownership of learning.
- Collaborative relationships between students, teachers, and families are important and are an enormous part of a student's success.
- Often students need positive motivation to learn, especially when learning is difficult.
- Learning is hard work and needs to be practiced in order for students to be successful and to lead independent lives in the future.

### Individual Instruction

Individual Literacy and Math instruction for Grades K-Adult. Students literacy and/or Math skills will be evaluated. Goals and objectives will be developed and implemented individually.

### Ready To Read = Ready To Succeed

Differentiated literacy instruction that meets the needs of each preschool child within a group of 2-4 children. *Ready To Read = Ready To Succeed* will provide activities in the areas of: Listening Comprehension, Phonological Awareness, Phonemic Awareness, Phonics, and Fluency. Using developmentally appropriate literature, students will develop exceptional vocabulary and comprehension skills and will be ready to read and ready to succeed in kindergarten.

### Literacy Evaluation\*

- Thirty-minute consultation before assessment
- Assessment of your child's literacy skills using nationally normed tests
- Detailed written reports within two weeks of assessment completion
- Recommendations and next steps included in report
- One-hour consultation after assessment

## Our Mission

To provide developmentally appropriate, individualized instruction to students aged 4-adult using learning systems that are research based and proven effective. Individual student success will be accomplished through direct multisensory instruction, active student involvement, expert evaluation, and direct communication/collaboration with families.
